

Flex.spray A

Plastic mudguard anti-spray

Thermoplastic mudguard anti-spray manufactured through injection moulding using polypropylene copolymer, suitable for automotive use. CE certified in accordance with EU Regulation No. 109/2011

Material

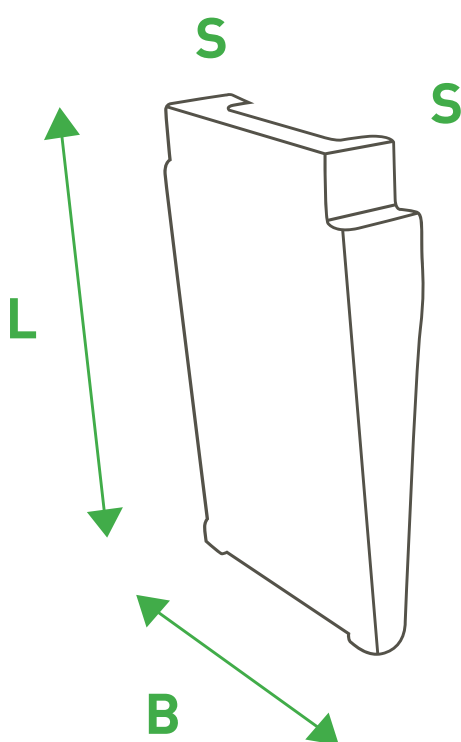

PP Copolymer

Colour

Matte black

Technical features

- The innovative interior design prevents ice and mud stagnation.
- Smooth finish.
- High resistance to both high and low temperatures.
- Excellent resistance to diesel fuel and chemicals.
- Anti-UV treatment for increased durability over time.
- Lightweight, facilitating transport and installation while helping reduce vehicle fuel consumption

Anti-spray system

Integrated. Designed for quick and easy installation of the bottom section of Flex.spray mudflaps, also available on request in a pre-assembled configuration with integrated anti-spray system.

Installation

Easy and quick installation.
